

# COSHH Risk Assessment

## JANGRO WHITE BOARD CLEANER

Product Code: BG163-75

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
<b>DELIVERY</b>			
Packaged ready mixed in 6 x 750 ml polythene flasks with trigger spray. Delivered in single containers if required. Product is ready to use.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
<b>STORAGE</b>			
Store in tightly closed original container in a cool, dry well ventilated place. Keep in original container.	Flammable. Minimal risk of spillage if trigger sprays are firmly in place. Trigger sprays are not child proof.	Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
<b>USAGE</b>			
Product is dispensed on to the surface via a spray using an adjustable trigger spray.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of inhalation.	Handle the containers with care. Wear Personal Protective Equipment. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	PPE not required under normal circumstances. Ensure that operatives are aware of location of First Aid facilities.
<b>DISPOSAL</b>			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Dispose of waste in accordance with local authority requirements. Recycle all containers wherever facilities are available.	Risk of skin or eye contact. Risk of contamination with other substances.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that operatives are aware of location of First Aid facilities.
