

## Product Usage Guide

### BE023-1

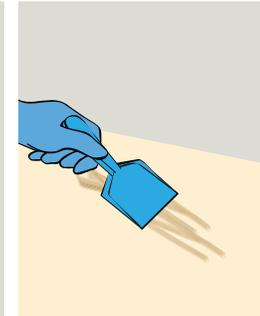

For removal of all oil based stains, grease, tar, bitumen, chewing gum, plasticine, blue tack, and some paints from most hard surfaces, carpets and fabrics

**1** Use appropriate PPE as indicated in the Safety Data Sheet.

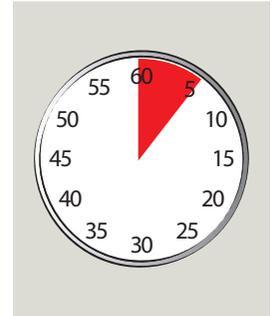

**2** Place Safety Signs.

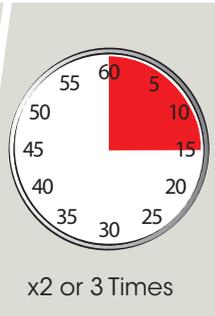

**3** Scratch the surface of substance to be removed.

**4** Apply with a clean white cloth in a well-ventilated area.

**5** Allow the solvent to penetrate.

**6** Make two or three applications at 15 minute intervals.

**7** Rinse with clean water.

**8** Remove Safety Signs.

### Health & Safety

Please refer to relevant COSHH Safety Data Sheet
